

## Contest-in-a-Box

# Video submission instructions

Employers are looking for people with good communication skills. Creating a video to help “sell” your product is a great way to practice. Follow these guidelines and instructions to upload and share your video as part of your submission.

## Video guidelines

- Create a video presentation that is 3-5 minutes in length.
- Justify your strategy, tools, speeds and feeds, workholding, and functions used in Autodesk Fusion 360.
- Share highlights, key takeaways, and lessons learned.
- Show your creative side.

**HINT: Make sure your video format is supported:**

.MOV

.MPEG4

.MP4

.AVI

.WMV

.MPEGPS

.FLV

3GPP

WebM

DNxHR

ProRes

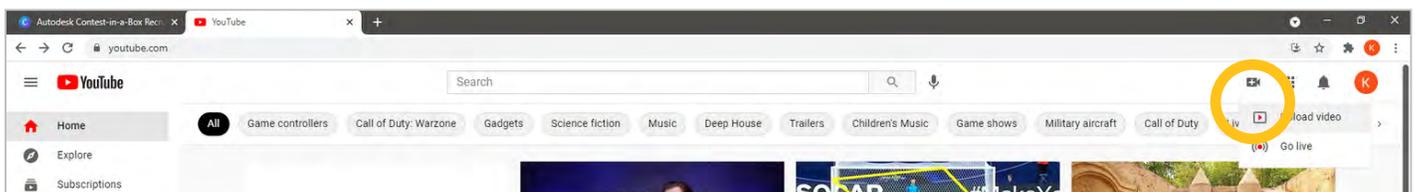

CineForm

HEVC (h265)

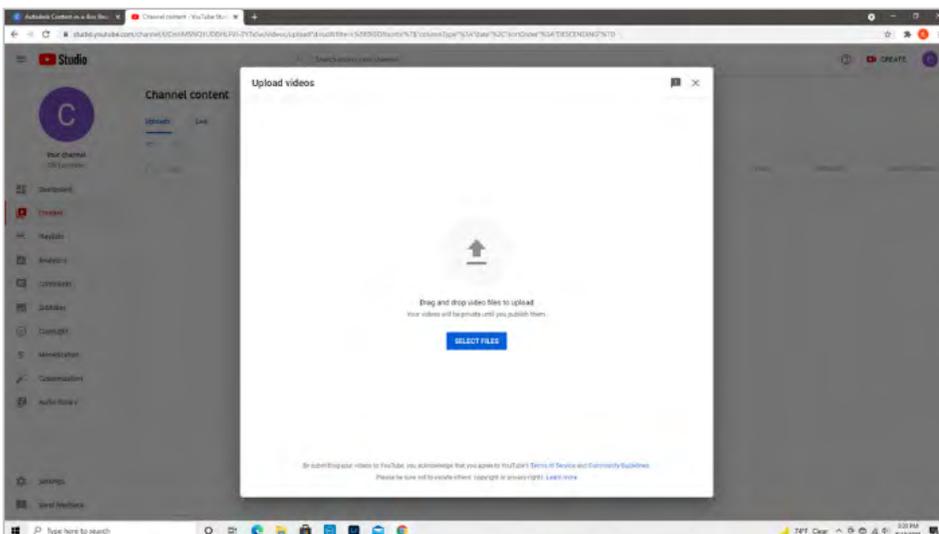

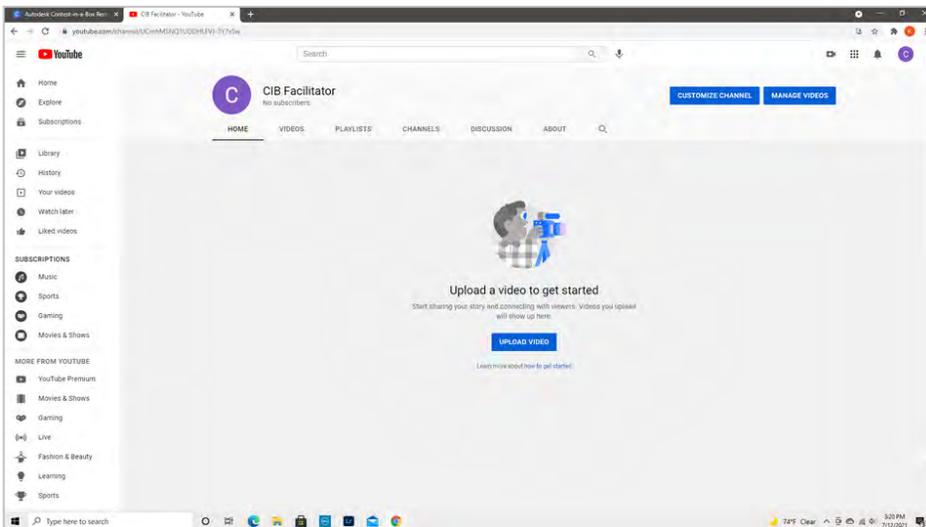

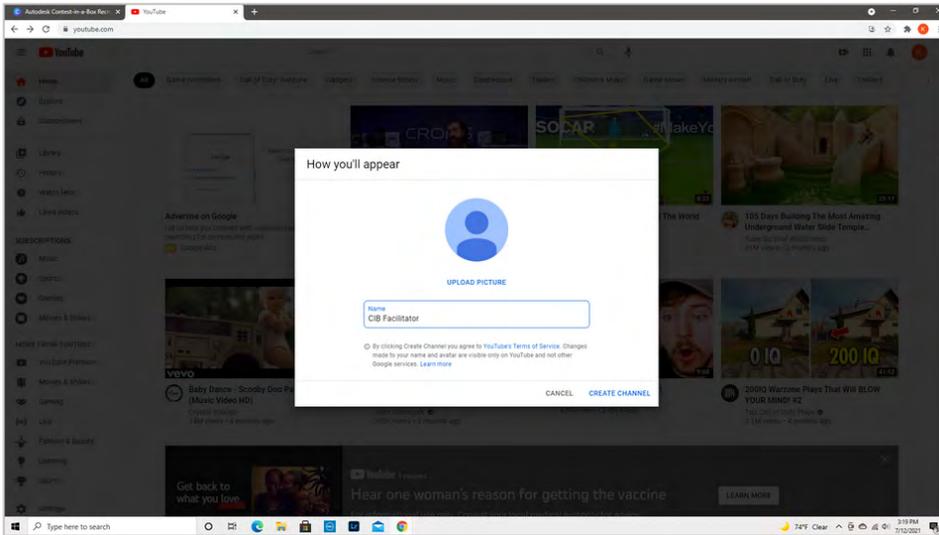

## How to upload a video to YouTube

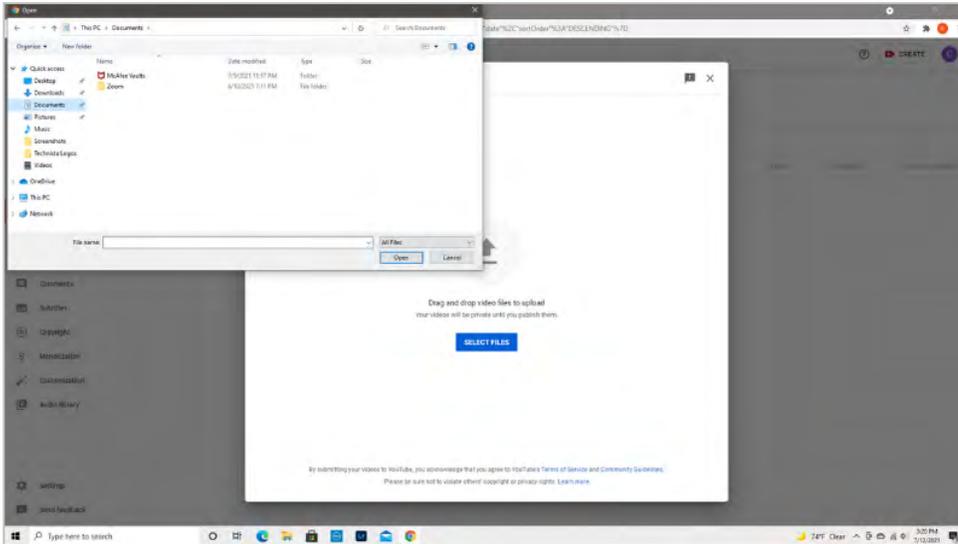

Log in to your YouTube account. Schools can use an existing Google account (example: facilitator’s Google account) to log in to Google. If you have a new YouTube account, you may first be prompted to create a channel to upload videos. You are solely responsible for complying with YouTube’s terms and conditions, including and without limitation to those applicable to contests.

Click on the video icon at the top-right side of the window, which can be found next to your user icon, messages, apps, and notifications.

Click **Upload Video**. Then, press **Select Files** to find the video file saved on your computer. You can also drag and drop the file into the window.

## Upload your video

- Choose the privacy setting on your video and set to private.
- Add a title to your video.
- Optional: Add a description to your video so people know what your content is about.
