

# A5.25 : Light Housing Introduction

This tutorial introduces the light housing project and discusses the engineering criteria that have to be adhered to whilst building the Class A surfaces.

## Design Criteria

## Engineering Criteria

The following two tutorials show the surface modelling for the Light.

## INDEX

Time	Topic	Menu/Palette	Tool	Options
1.09	Discussion of 3D Design Criteria			
1.40	Discussion of Engineering criteria			
2.11	Over-flush and Under-flush conditions			
4.24	Stop-lamp engineering criteria
