

Transformation Services Covered Technology

Advisory Services and Implementation Services are available for the Offerings or Autodesk Technology defined in the Agreement (“Autodesk Technology”).

The Autodesk Technology defined in the table below, and other Autodesk products that are intended for generative, subtractive or additive manufacturing and design not specifically listed below, are defined as “MAKE Technology”:

Autodesk® FeatureCAM™	Autodesk® NetFabb™	Autodesk® PowerMill™
Autodesk® Fusion 360™ ¹	Autodesk® PowerInspect™	Autodesk® PowerShape™

¹ Manufacturing Workspace is included as part of Fusion 360 under MAKE Technology. Manufacturing Workspace is excluded from non-MAKE Technology services, and this component of Fusion 360 is subject to the terms specific to MAKE Technology
