

Minimum Age Requirements for Autodesk Websites, Products and Services

You must be at least age 13, or the older age specified below if you reside in any country listed below, to access, register for or use Autodesk websites, products or services.

| Country | Minimum Age |
|----------------|--------------------|
| China | 14 |
| South Korea | 14 |

Some Autodesk websites, products and services may include additional terms with different or additional age requirements that will apply only to your use of that specific website, product or service.
