

5 Set up

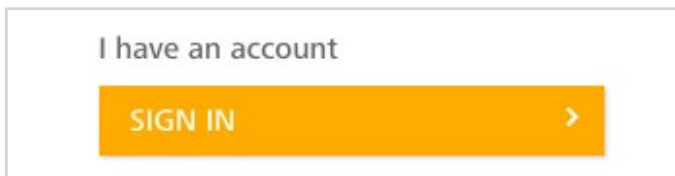

Once the download file is opened, Fusion 360 will go through a set up process, and you will be presented with an installation bar.

Please note: When the install completes, Fusion will launch automatically. This may take a few minutes.

6 Create an Autodesk account to sign in to Fusion 360

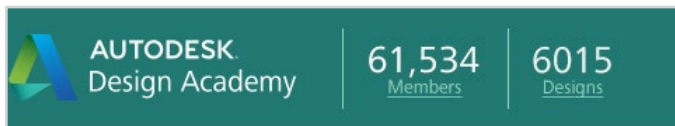

Each student (13 and older) and the educator will need to create an Autodesk ID on the Autodesk Education Community in order to [log in to Fusion 360](#).

7 Login & activate Fusion 360

Use your Autodesk ID that you created in step 6 to log into Fusion 360.

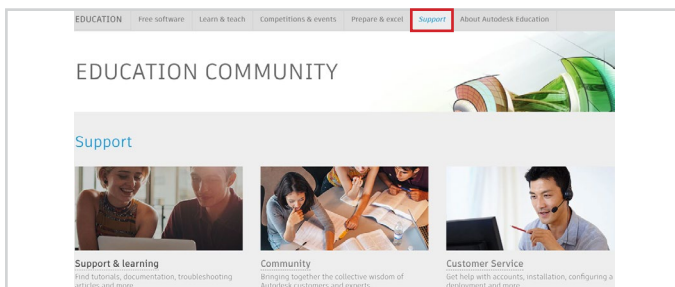

Each student and educator will need to [activate Fusion 360](#) under an Education entitlement.

8 Access learning & teaching resources
