I would like coaching to enhance end user software workflows and capabilities

**Product coaching**

*Example:  
Design Collaboration in AutoCAD*

I would like coaching to increase my effectiveness as a software administrator

**Administrator coaching**

*Example:  
Software Usage Reporting*

I would like coaching to help me manage and maintain the systems supporting my Autodesk software and services

**Systems coaching**

*Example:  
Deployment Assistance*

# Product Coaching

# Architectural Detailing

PREMIUM COACHING

The ability to develop a technical drawing set that includes 2D details and 3D models to convey key connections of architectural model elements for construction

## BENEFITS

- Reduce Overall Design Time
- Improved Collaboration
- Standardization

## AUDIENCE

- Architects
- Drafter/Technician
- BIM Specialist

## PRODUCTS AVAILABLE FOR COACHING

# CFD Analysis

PREMIUM COACHING

The ability to carry out building, environmental and sustainability analysis regarding air flow and air flow impacts (flow simulation for computational fluid dynamics).

## BENEFITS

- Exceed Performance Requirements
- Reduce Environmental Impact
- Reduce Claims or Litigations

## AUDIENCE

- Architect
- Environmental Designer
