AI Transparency Card

AutoCAD
Markup Import & Assist

Description

Places a marked-up version of the drawing on top of the original file to help in view and incorporate changes. Identifies markups as text, leaders, and revision clouds. Allows the user to easily convert these into AutoCAD objects.

Feature information

Feature functionality	**Automate & Augment**
Model source	**Combination**
Primary technique	**Convolutional neural network**

Trust ingredients

User directed feature	**Yes**
Personal data	**Yes**
Data source(s)	**Customer content** (e.g. Drawing with annotations)
Choice format	**Turn Off**
Encryption at-rest	**Yes**
Encryption in-transit	**Yes**
Other safeguards	**De-identification, Restricted Access**
