

AI Transparency Card

AutoCAD on the Web

Block Auto-Categorization and Search

Tech Preview

What this AI does

When this feature is initiated, Block Auto-Categorization and Search groups blocks in the palette into meaningful categories and makes them easier to browse. It helps users quickly find, reuse, and manage blocks in large DWG files.

Data handling

Training data

Data types	N/A (third-party model) (common elements)
Data sources	N/A (third-party model)
Personal data	N/A (third-party model)

Customer choice

Feature classification	Standard
Choice format	Turn off

Trust & safeguards

Human oversight	Yes
Built-in safeguards	Encryption, Tokenization
Known limitations	Results may vary based on inputs, May produce inconsistent results, Not for safety-critical use

Additional transparency

Model provider	Third-party
Primary technique	Computer Vision
