

BILLING INSTRUCTIONS

Dear Supplier,

Autodesk uses the Ariba Network to transact with our suppliers; there are no fees for you to join or transact with Autodesk over the Ariba Network.

In order to submit invoices to Autodesk, your company must register on the Ariba Network. There are 2 ways to register:

1. By accepting a "Trading Relationship Request" from Ariba via email
2. From your Purchase Order, click the "Process Order" button to create a new Ariba Network account or to log into your existing Ariba NetworkAccount

Please contact ariba.enablement@autodesk.com if you need assistance with either of these steps.

There is no change to the current invoice submission process if the Autodesk entity you are billing resides in the following countries:

Argentina, Brazil, China, Colombia, Czech Republic, India, Israel, Italy, South Korea (non-digital tax invoice or not 전자세금계산서), Mexico, Poland, Qatar, Russia, Saudi Arabia, Taiwan, Turkey, UAE

Please ensure that your invoices are compliant to the Autodesk requirements and the local taxation and statutory regulations.

Your invoices must always indicate a valid Autodesk Purchase Order (PO) number.

***PO number starting with 45XXXXXXXX (after 1 Sept 2019)
or 5XXXXXX (prior to 1 Sept 2019).***

Do not accept an order if you did not receive an official Autodesk Purchase Order or if the amount does not match with your offer/price.

Please refer to the next pages for the invoice submission instruction and list of invoice requirements.
