

AI Transparency Card

Construction Cloud

Automated Object Generation

Description

Reduces the time spent on creating text-based data objects by utilizing AI to generate content from short free-text prompts or multimedia submissions, allowing users to easily review and adjust the generated fields before finalizing the creation form.

Feature information

Feature functionality	Automate
Model source	Proprietary
Primary technique	Transformer

Trust ingredients

User directed feature	Yes
Personal data	No
Data source(s)	N/A
Choice format	N/A
Encryption at-rest	Yes
Encryption in-transit	Yes
Other safeguards	N/A
