

AI Transparency Card

Flame

Machine Learning Motion Deblur

What this AI does

Reduces motion blur, recovering detail from fast-action plates that would otherwise be difficult to use in various compositing tasks such as tracking and keying.

Data handling

Training data

Data types	Image, Video (common elements)
Data sources	Synthetic data
Personal data	Not used

Customer choice

Feature classification	Standard
Choice format	Always on

Trust & safeguards

Human oversight	Yes
Built-in safeguards	Encryption
Known limitations	Results may vary based on inputs, Not for safety-critical use

Additional transparency

Model provider	Autodesk, Third-Party
Primary technique	Computer Vision
