

AI Transparency Card

Forma

Submittals Evaluation Agent

Beta

What this AI does

AI-assisted analysis that compares a Submittal item against the corresponding project specification section before it is sent for formal review and approval, highlighting potential issues and missing information in an advisory compliance report so they can be addressed in advance.

Data handling

Training data

Data types	N/A (third-party model) (common elements)
Data sources	N/A (third-party model)
Personal data	N/A (third-party model)

Customer choice

Feature classification	Standard
Choice format	Always on

Trust & safeguards

Human oversight	Yes
Built-in safeguards	Encryption
Known limitations	Results may vary based on inputs, Not for safety-critical use

Additional transparency

Model provider	Third-party
Primary technique	Predictor
