

AI Transparency Card

Fusion

AI Media Generation

What this AI does

Generates product images from a Fusion design screenshot and user prompts through Autodesk Assistant. Users can review results, download or iterate on outputs, and run additional edits/iterations.

Data handling

Training data

Data types	N/A (third-party model) (common elements)
Data sources	N/A (third-party model)
Personal data	N/A (third-party model)

Customer choice

Feature classification	Standard
Choice format	Always on

Trust & safeguards

Human oversight	Yes
Built-in safeguards	Encryption
Known limitations	Results may vary based on inputs, May produce inconsistent results, Not for safety-critical use

Additional transparency

Model provider	Third-party
Primary technique	Diffusion Transformer (DiT)
