MotionMaker: Bring Your Own Data

What this AI does

Enables users to locally train a custom motion model compatible with MotionMaker which generates character motion from just a few keyframes or a motion path.

Data handling

Training data

Data types	Motion data (common elements)
Data sources	Customer content
Personal data	Not used

Customer choice

Feature classification	Standard
Choice format	Turn off

Trust & safeguards

Human oversight	Yes
Built-in safeguards	Encryption, On-device processing
Known limitations	Results may vary based on inputs, Not for safety-critical use

Additional transparency

Model provider	Autodesk
Primary technique	Predictor
