

AI Transparency Card

Tandem Connect

Assisted Converters

Beta

What this AI does

This AI feature helps customers of Tandem Connect build code-based components, such as converters or filters, more quickly by reviewing their code and suggesting improvements.

Data handling

Training data

Data types	N/A (third-party model) (common elements)
Data sources	N/A (third-party model)
Personal data	N/A (third-party model)

Customer choice

Feature classification	Standard
Choice format	Always on

Trust & safeguards

Human oversight	Yes
Built-in safeguards	Encryption
Known limitations	Results may vary based on inputs, May produce inconsistent results, Not for safety-critical use

Additional transparency

Model provider	Third-party
Primary technique	Recommendations
