

BIM & GIS Integrations Theater Schedule

Transportation Solutions

Tuesday, July 16

10:00am-10:30am	Intro to Autodesk Connectors for ArcGIS John Sayre, Autodesk Technical Marketing Manager, AEC
11:00am-11:30am	Capture and Maintain Asset Data with Reality Capture Workflows John Sayre, Autodesk Technical Marketing Manager, AEC
11:30am-12:00pm	Stylization of Incoming GIS Data with the Autodesk Connector for ArcGIS Ron Couillard, Technology Consultant, U.S. CAD
2:30pm-3:00pm	The Art of Coordination: Crafting Seamless Civil Project Workflows Kaitlin Bosma, Civil Production Manager, ATG USA
3:00pm-3:30pm	ArcGIS GeoBIM and ACC: Enhancing Decision-Making Through Real-Time Cloud Collaboration John Sayre, Autodesk Technical Marketing Manager, AEC

Wednesday, July 17

10:00am-10:30am	Intro to Autodesk Connectors for ArcGIS John Sayre, Autodesk Technical Marketing Manager, AEC
11:00am-11:30am	Capture and Maintain Asset Data with Reality Capture Workflows John Sayre, Autodesk Technical Marketing Manager, AEC
2:30pm-3:00pm	Enhancing Data Precision: Custom Interfaces with C# API for Civil 3D and ArcGIS Enterprise Integration Gerry James, Senior Technical Consultant, SolidCAD
3:00pm-3:30pm	ArcGIS GeoBIM and ACC: Enhancing Decision-Making Through Real-Time Cloud Collaboration John Sayre, Autodesk Technical Marketing Manager, AEC

Thursday, July 18

10:00am-10:30am	Intro to Autodesk Connectors for ArcGIS John Sayre, Autodesk Technical Marketing Manager, AEC
11:00am-11:30am	Capture and Maintain Asset Data with Reality Capture Workflows John Sayre, Autodesk Technical Marketing Manager, AEC
2:00pm-2:30pm	ArcGIS GeoBIM: Implementation Considerations for Seamless Integration Nicholas Russo, Technical Specialist, Symetri
3:00pm-3:30pm	ArcGIS GeoBIM and ACC: Enhancing Decision-Making Through Real-Time Cloud Collaboration John Sayre, Autodesk Technical Marketing Manager, AEC

BIM & GIS Integrations Theater Schedule

Water Solutions

Tuesday, July 16

10:30am-11:00am	Water Distribution Modeling in InfoWater Pro, an Extension to ArcGIS Pro Youssef Al Fahham, Autodesk Technical Marketing Manager, Water
2:00pm-2:30pm	Manage Water Assets with Risk-Based Prioritization Using ArcGIS Online Connections Martha Nunez, Autodesk Product Support, Water
3:30pm-4:00pm	Optimize Performance of Water Operations with Cloud Analytics Connected to ArcGIS Online Patrick Bonk, Autodesk Product Marketing Manager, Water

Wednesday, July 17

10:30am-11:00am	Fire Flow Modeling in InfoWater Pro Youssef Al Fahham, Autodesk Technical Marketing Manager, Water
11:30am-12:00pm	Manage Water Assets with Risk-Based Prioritization Using ArcGIS Pro Connections Tim Medearis, Technical Sales, Water
2:00pm-2:30pm	Maximizing Municipal and Engineering Workflows: Unlocking the Potential of Autodesk Connector for ArcGIS Gerry James, Senior Technical Consultant, SolidCAD
3:30pm-4:00pm	Optimize Performance of Water Operations with Cloud Analytics Connected to ArcGIS Online Patrick Bonk, Autodesk Product Marketing Manager, Water

Thursday, July 18

11:30am-12:00pm	Manage Water Assets with Risk-Based Prioritization Using ArcGIS Online Connections Tim Medearis, Technical Sales, Water
3:30pm-4:00pm	Optimize Performance of Water Operations with Cloud Analytics Connected to ArcGIS Online Patrick Bonk, Autodesk Product Marketing Manager, Water
