

CERTIFICATE OF REGISTRATION

Information Security Management System – ISO/IEC 27001:2022

Coalfire Certification, Inc. certifies that the following organization operates an Information Security Management System (ISMS) that conforms to the requirements of ISO/IEC 27001:2022 per the scope and boundaries statement detailed below:

COMPANY:	Autodesk, Inc.	ADDRESS:	One Market, Ste. 400 San Francisco, CA 94105 United States
-----------------	----------------	-----------------	--

Scope:

The scope of this certification covers the Information Security Management System (ISMS) and Privacy Information Management System (PIMS) supporting select Autodesk's commercial cloud products and services, including cloud-connected desktop products and services. The organizational scope includes Information Security & Technology, Infrastructure/Service Operations (including Resilience & Availability), Engineering, Product Development, GRC (Governance, Risk & Compliance), and relevant Legal, Privacy, and HR teams affecting the Information Security Management System and the Privacy Information Management System. These activities are governed by the implemented controls in accordance with the organizational Statement of Applicability (SoA), ver. 2.1, which further extends to the additional controls defined within ISO/IEC 27017:2015, ISO/IEC 27018:2019, and the PII Controller and PII Processor controls defined within ISO/IEC 27701:2019.

STATEMENT OF APPLICABILITY:

VERSION: 2.1

ON BEHALF OF COALFIRE CERTIFICATION, INC.

DATE: October 31, 2024

Original Registration Date:

December 01, 2020

Certificate Issuance Date:

July 28, 2025

Expiration Date:

November 30, 2026

Booker Young, VP of Global Assurance

This certificate relates to the Information Security Management System, and not to the products or services of the certified organization. The certification reference number, the mark of the certification body and/or the accreditation mark may not be shown on products or stated in documents regarding products or services. Promotional material, advertisements or other documents showing or referring to this certificate, the trademark of the certification body, or the accreditation mark, must comply with the intention of the certificate.
